# DEMAND MORE VALUE. DEMAND DETROIT® GENUINE FUEL-INJECTOR POWERPACKS.

Optimum engine performance requires proper fuel injection, so choose PowerPacks, our set of six Detroit® Genuine Parts fuel injectors. Only Detroit® fully understands the original fuel-injector programming codes, and substandard parts just can't deliver. Incorrect codes result in poor fuel economy, incomplete combustion and burned piston domes. Trust your fuel efficiency to the experts.

# DETROIT HIGH-PRESSURE FUEL PUMP

Fuel Pumps play a crucial role in meeting the energy demands of any engine. Without it, maintaining proper fuel pressure becomes impossible, leading to fuel system failures. Detroit high-pressure fuel pumps ensure a consistent fuel flow to the injectors, providing the optimal pressure needed for a safer and longer-lasting truck life.
